# UPPER ADAMS PRE-SCHOOL CLINIC SET UP

Letters announcing the annual pre-school clinics for the Upper Adams Joint school system have been mailed parents by school authorities.

The first session of the clinic will be held next Wednesday at the Bendersville grade school building. Thursday's clinic will be at the Biglerville grade school building. The third and final clinic will be held Friday, May 25, in the Arendtsville grade school building.

The letters, signed by Leslie V. Stock, supervising principal, say in part: "This clinic will furnish information which will be valuable to the school authorities in assisting your child with his school work. It will also enable you to better prepare your child for the adjustment to the school program."

At the clinic "readiness for learning" tests will be administered and the school nurse will be on hand to record medical histories. Physical examinations and psychological tests where necessary will be conducted later.

Birth and vaccination certificates should be taken to the clinic by parents who are asked to accompany their children. Where necessary, school bus transportation can be used to bring the youngsters to the clinic, if school authorities are notified in advance.

Parents are urged to have their children attend the clinic because no child will be officially enrolled next September until he has been tested, according to a regulation by the school board.

Any parent of a child who will enter first grade in any of the Upper Adams schools next September who has not received this letter from Prof. Stock is urged to contact school authorities immediately. Arrangements will be made to take care of these children on the regularly scheduled days at the various units.

# BANKERS HEAR JURIST SPEAK

"Bankers are interested in the conservation of economic resources, but we are interested in the conservation of human resources," Judge W. C. Sheely, president judge of the Adams county courts, told members of the Adams County Bankers association at the regular May meeting Wednesday night in St. John's Lutheran church, Abington.

In tracing changes in the philosophy of juvenile courts, Judge Sheely said that the trend was toward rehabilitation, rather than punishment. "The fact that a youth or an adult does certain acts is a symptom of a deeper cause," he said. "The job of the courts is to determine this deeper cause and try to correct it."

# Truman Declares Armed Forces Cut Is "Invitation To War"

Washington, May 17 (P)—President Truman today hung an "invitation-to-war" tag on a proposal by Senator Taft (R-Ohio) to reduce the manpower goal of the armed forces by 500,000 men.

If Congress should permit the defense program to "get snarled up, or delayed, or slashed, we would be courting disaster," Mr. Truman said in a speech prepared for the National Conference on Citizenship meeting at the Statler hotel.

The President denounced "penny-pinching" at a time of "very real" danger of war with Russia.

He also called on the people to counter "special interest" lobbies by urging their Congressmen to support higher taxes, and stronger price, rent and wage controls.

Declaring that unless existing controls, due to expire June 30, are extended and strengthened "the cost of living will go through the roof," Mr. Truman said:

"The special interests and the lobbies will wreck this stabilization program, as sure as you're born, unless the main body of the citizens of this country get busy and do something about it."

Mr. Truman did not mention Senator Taft by name but he left no doubt he had the Ohioan in mind when he told the conference:

"A suggestion was made by one Senator the other day that we ought to cut down the goal of our armed forces by half a million men. At a time like this, such a cut would be very foolish."

Slashing the size of our armed forces would not be an economy, it would be an invitation to war."

Taft told a U. S. Chamber of Commerce meeting here April 30 that the administration's goal of a 3,500,000-member armed force should be cut by 500,000 since he said it would be too big for the economy to support indefinitely.

Mr. Truman today referred only obliquely to the controversy over Gen. Douglas MacArthur's dismissal, and subsequent Senate committee hearings on Far Eastern policy.

"There is a lot of discussion nowadays about military strategy," the President said. "Military strategy is important and everybody ought to be concerned about it."

"But there are a lot of other problems that are equally important. We have the hard problems of defense production, taxes and stabilization, for example. Unless we face those problems, we won't be able to have any military strategy at all."

# STUDENTS FINED FOR SHOOTING FIRECRACKERS

Two Gettysburg college students who set off a firecracker at 2:10 a.m. Wednesday in Continental square, York, "for a joke," each received the maximum sentence under a city ordinance of \$100 or 30 days in jail when arraigned in York police court.

After the students had been taken to the county jail to start serving the 30 days, someone described as a Gettysburg alumnus pleaded with Magistrate Thomas G. Little to reduce the fine of each to \$50. He finally succeeded and paid the youths' fines. Mayor's Clerk W. Kenneth Gabriel, who records fines at city hall, said he knew the identity of the alumnus but would not disclose it.

The two students, Robert L. Hosking, 19, of Ramsey, N. J., and John E. Koetzle, 22, of Springfield, Pa., admitted setting off one firecracker, but declared "we only did it for a joke—that's all."

Violated Ordinance

One of them testified that "we did not know the seriousness of the offense until now."

They were charged with violating a city ordinance banning the discharging of fireworks.

Patrolman Kenneth Lauer said he apprehended the youths at the North George street approach to the square after he heard a loud report and saw a puff of blue flame.

He said the boys denied having any more firecrackers, but declared he discovered about a handful of two-inch firecrackers and a few larger "bombs" when he searched them.

The policeman also testified that he was later informed firecrackers had been set off in and around the Rainbow grill. No testimony was offered to connect the defendants with these acts.

# Chinese Reds Bash Gap In South Korean Line But Allies Plug It And Inflict Heavy Losses On Foe

Tokyo, May 17 (P)—Waves of attacking Chinese Reds failed today to break through the main United Nations defense line.

The Chinese smashed a hole in the South Korean ranks and streamed through, but Allied troops rushed up and plugged the gap by nightfall.

Waves of Chinese stormed U. S. positions. But every time the Americans were pushed off a hill they counterattacked to recapture the high ground.

The actions were along the east-central front, hottest sector of the 75 mile wide battlefield.

Field dispatches said 96,000 Chinese were attacking in the 25 mile length of the east central sector in the opening stages of an all-out Communist offensive.

25,000 Reds Assembling

Another 25,000 Reds were reported gathering strength on the Pukhan Valley invasion route of the west central sector. Slithering Chinese had crept close to American lines at the junction of the Han and Pukhan rivers despite ceaseless aerial and artillery punishment.

Far to the west erupting attacks and mounting pressure threatened a major advance toward Seoul might be tried later.

All along the line Red reserves were packed deep behind the bugle blowing assault units.

Front line officers said Red strategy appeared to be to hit the center of the line regardless of losses. Communists attacked relentlessly. U. N. plans, artillery and mine fields took a heavy toll.

3,582 Red Losses

The U. S. Eighth Army estimated Communist casualties Wednesday at 3,582. The Fifth Air Force said it added 850 Thursday in 617 combat strikes before 6 p.m.

Heaviest fighting was on a 25-mile sector of the east-central front from Chunchon to Inje.

The Chinese breakthrough was south of Inje, north of the 38th (Continued on Page 5)

# Russia Fails To Stop Embargo Act

New York, May 17 (AP)—Russia failed today to shift debate on a proposed world arms embargo against Red China to the United Nations Security Council, where a Soviet veto could kill it.

The question was settled without a vote in the General Assembly's 60-nation Political Committee after the Soviet bloc announced it would not participate in the committee's discussion on the ground that the Security Council was the only competent agency to debate the question.

However, Russia's Jacob Malik insisted that he was not asking the committee to vote on the question of competence. Chairman Roberto Arbenaz-Urdaneta, Colombia, then gave the floor to U.S. Ambassador Ernest Rogers to introduce the embargo proposal.

The Soviet bloc delegates remained in their seats.

# NEW BOOK BY OLIVE PRICE

A new book for Junior high age young people, "The Valley of the Dragon," has come from the pen of Olive Price, who formerly resided four miles north of here along the Harrisburg road and is better known locally as Mrs. R. M. Cherryholmes. She and her husband now live in New York.

The new 250-page volume, published by Bobbs-Merrill company, was reviewed last Sunday in the New York Herald Tribune. The reviewer had the following to say:

"The elements of a thrilling adventure story for Junior high age are here: A brave, poor camel boy for hero; a stolen white mare the boy loves, one of the precious breed of the Emperor; the mystery of the sign of the silver scorpion; a far journey south of the Gobi Desert to a weird castle; and a ruthless bandit chief.

"The action moves across a romantic background in thirteenth century China. We see the fantastic, ancient Kanbalu (Pekin) when Kublai Khan had built it to its peak of glory, with ships and caravans arriving to bring him treasures. Marco Polo comes alive, a helpful friend to Lin Fu. There are also the slave girl, Jasmine; the able caravan master, Wang Chi, who does the Tartar rope trick at the climax, and the old scholar Kong Hwa who dictates a bit of Lin Fu, adding to his knowledge of history and of the silk routes they traverse.

"The cruelty of the era is made clear, but also something of its poetry, its special skills and learning. Here is the beginning of Europe's search for spices and for new worlds."

# Senate Votes Huge Grain Loan To India

Washington, May 17 (AP)—Shipment of 2,000,000 tons of U. S. grain to India on a long-term loan basis was approved yesterday by the Senate.

The House will take up a similar bill next Tuesday. The measure has been on and off the House schedule for almost a month. Administration leaders expect a hard fight but hope to get it through by a narrow squeak. It is opposed by a coalition of some Republicans and Southern Democrats.

The Senate bill provides that the Economic Cooperation Administration (ECA) chief should try to get some vital defense materials—including manganese—in repayment for the food. Manganese, used in hardening steel, is in short supply here.

Repayment of the \$190,000,000 food loan would be over a period of 33 to 35 years with interest of two and one-half percent. There would be no payments on the principal for the first six or eight years.

# "They Wuth 40 Kids On Each Side"—Fight

North Hollywood, May 17 (AP)—An anxious mother telephoned police yesterday that "a major riot" was in progress near the Monlux school.

The police responded, with sirens screaming. But the "riot" was short lived. A newspaper reporter and cameraman, arriving a few minutes later, found only a small boy, one tooth missing, surveying the scene.

Said the boy: "They wuth a fight between a 10-year-old boy and a 12-year-old kid. The whole school wuth here. They wuth 40 kids on each side. Thirteen cops came. Now they ith all gone."

The boy said he was a non-combatant. His tooth had been out for several weeks but he's expecting a new one soon.

# STOCKS REBOUND

New York, May 17 (AP)—A strong rebound today in the stock market brought prices up by more than \$2 a share following a six-day decline. The gains were fairly well distributed throughout the list. Although there were scattered losses, they were small, and no major section could really be called backward. Low prices attracted considerable bargain hunting.

New York, May 17 (AP)—The United Nations opens its first public debate today on a proposed worldwide arms embargo against Communist China. There appears to be little doubt the ban will be voted overwhelmingly.

The debate was scheduled before a special meeting of the General Assembly's 60-nation political committee, which has been standing by for any required action on the Korean war—either of a peace-making nature or to impose additional pressure on the Peiping regime.

Dr. Crist located here in 1913. My X-ray apparatus was placed in service in 1902—at a time when Dr. Crist was a teen-age student.

## PAGE, KRAMER, AMONG PLAYERS GIVEN RELEASE

New York, May 17 (AP) — Joe Page's return to the minors was the most dramatic move in the last day of the scramble by major league ball clubs to cut down to the 25-man limit.

Page, the fabulous "Fireman Joe" of the 1947 and 1949 New York Yankees champions, at least has a job and a salary in the \$25,000 bracket. He goes to Kansas City to work out the kinks in his arm.

Jack Kramer, another big name of the past in the American league, was given his unconditional release by the New York Giants. The 33-year-old righthander is free to make his own connection.

But most of the players to go were rookies. Fellowies like Steve Bilko, the St. Louis Cards bulging first baseman. Back for another year on the farm—Columbus of the American association this time.

Even with the cutting of Bilko and third baseman Eddie Kazak who went to Houston, the Cards were one over the limit. They were given a special 12-hour dispensation due to technicalities involving an already completed deal with another big league club.

### Martin Reinstated

The Yankees also wound up with 26 but it was legal. They have infielder Billy Martin just back from the army, reinstated from the national defense list. According to the rules he retains that status for 12 months. Each club can carry one reinstated national defense list player for each five active players.

All 16 clubs waived on Page who hasn't pitched an inning all year. His army tightened up during spring training. Only lately has he been able to pitch batting practice.

Page, 33, took the bad news with a "you take the good with the bad" attitude. But he obviously was shaken.

The Yanks also shipped Max Peterson, 27-year-old righthander pitcher drafted from Toronto last winter. He returns to Toronto without throwing a ball for the Yanks all season.

Detroit lost pitcher Ray Herbert to the army and sent infielder Hal Daugherty to Toledo. That left the Tigers one under so pitcher Marlin Stuart was recalled from Toledo where he was sent Sunday. Earlier in the day the Tigers traded pitcher Saul Rogovin to Chicago for pitcher Bob Cain.

Dick Littlefield, one of the pitchers obtained from Boston in the big winter trade, was shipped by Chicago to Memphis to make room for third baseman Bob Dillinger, bought from Pittsburgh.

**Nats Buy Wyse**  
Washington acquired pitcher Hank Wyse for a little more than the \$10,000 waiver price from Philadelphia. The A's sold utility infielder Tod Davis to Los Angeles and returned pitcher Frank Robinson to Buffalo.

Pittsburgh followed up its sale of Dillinger by optioning outfielder Tom Saffell and second baseman Monty Basgall to Indianapolis, their American association farm.

The Phillies farmed out three to different minor league units. Pitcher Charles (Buzz) Bowers went to Terre Haute in the Three Eye league, pitcher Jack Britton to Baltimore and outfielder Eddie Sanicki to Schenectady, N. Y., of the Eastern league.

Brooklyn got down to the limit by optioning pitcher Earl Mossor to St. Paul. A 20-game winner at Portsmouth last year, the righthander was drafted by the Dodger organization.

It took the Stanton Legion two extra innings to defeat the VPW 4-2 in the opening game which was by far the best played game of the young season. Dorm, of the Legion, and Tom McGlaughlin, of the Vets, staged a pretty hurling duel which found the score tied at 1-1 at the end of the seventh innings. In the top of the seventh the legionnaires tallied three times while the vets bounced back for a run in their last try.

The powerful Bream outfit scored in every inning to trounce the Elks in the nightcap 23-6. Rohrbaugh connected for five of the winners' hits while Altomose puled a home-run.

**Interstate League**  
(By The Associated Press)  
After winning eight straight games, the front running Lancaster Red Roses of the Interstate league bowed last night to the Sunbury Giants, 4 to 0.

The pacesetters simply could not solve the curves of Rudy Yandoli, who yielded only three hits, all harmless singles. Yandoli, in achieving his second shutout of the young season, did not walk a man. He faced only 30 batters, three over the minimum.

No slouch himself, Nunzim Izzo, Lancaster right-hander, pitched on even terms with Yandoli until the seventh inning, when Sunbury bunched three of its five hits with a base on balls for all its runs.

Lancaster now tops the standings by two and a half games.

Second place Hagerstown defeated Wilmington 4 to 2 on the six hit hurling of Gerry Levinson. It was the second in a row for the Braves over the 1950 champions. The Blue Rocks scored their two runs in the first inning; thereafter it was pretty easy going for Levinson.

Harrisburg beat Allentown 4 to 2. Brooks Lawrence was the victor holding Allentown to four singles.

York took Salisbury 8 to 4. Johnny Krall going the route for the winners, who got five of their runs in a single inning—the seventh.

**Sports Roundup**  
By HUGH FULLERTON, JR.  
New York, May 17 (AP)—Johnny Bratton and Kid Gavilan, who fight for the welterweight title tomorrow, have at least one thing in common—they both started young.

The Cuban kid claims he was only 12 years old when he had his first amateur fight. Bratton waited a little longer—until he was 15—before appearing in formal competition, though he did a good bit of impromptu fighting on vacant lots in Chicago.

Having seen Gavilan when he tried to lift the title from Ray Robinson two years ago, we'd say there's one other thing in common between them: at his best, Sugar Ray probably could whip both in one night.

The Rangers may drop their St. Paul hockey farm next winter. When fans argued that old players were responsible for a drop in attendance in the 1949-50 season, they put in a whole team of youngsters, finished second and did even worse at the gate.

**AS SIMPLE AS THAT**  
John Cronley, the Daily Oklahoman sports editor, asked Oklahoma's veteran track coach the secret of successful track coaching.

Coach John Jacobs didn't even have to stop and think before he replied: "Find you a good high school boy who can beat the heck out of everybody and latch onto him. He'll take you around the world."

## GUS ZERNIAL GETS 6 HOMERS IN THREE TILTS

(Associated Press Sports Writer)  
Jimmy Dykes has lit a fire under big Gus Zernial. The slumbering giant is on a record-tying home run rampage.

With six homers in three consecutive games, old "Ozark Ike" goes into the little red book in such exclusive company as Tony Lazzeri and Ralph Kiner. And he hasn't stopped yet.

For years the Chicago White Sox did everything but stick pins into Zernial's hide. Nothing much happened. But they waited and waited.

He hit 29 homers last season but averaged only 280. His fielding wasn't too much better. When aggressive Paul Richards took over as manager, Zernial was ticketed to go sooner or later.

**Hitting Picked Up**  
"He'll hit for me," said Dykes last winter when he only hoped to trade for Zernial. The deal fell through in December. But a new three-way swap involving the A's, White Sox and the Indians brought bench-rider Gus to Philadelphia April 30.

At Chicago, Zernial was hitting 105 and not playing. He had two hits opening day and none since. No home runs. With the A's he's hitting at a .366 clip to bring his season mark around .283.

Despite Zernial's two homers last night, the A's lost the ball game, 10-9, and tumbled into the American league cellar.

Ferris Fain continued his batting surge with three hits, boosting his average to .402 and Lou Klein, former Cleveland infielder, hit his first homer for the A's.

**Yanks Romp Over Tribe**  
The Browns had bombers too. Don Lenhardt hit two home runs and a single, driving in four runs. Johnny Kucab was the losing pitcher and Al Widmar the winner in a free-swinging brawl.

Vic Raschi set a new season high with 10 strikeouts in the New York Yankees 11-3 romp over Cleveland. It was the Yanks' ninth straight at the stadium where they have yet to lose.

Mickey Mantle drove home four runs with his first Yankee stadium homer and fourth of the year. The

Among those who will be taking part in their final meet are Edward Spicer, Galen Wagner, Gary Bucher, Sterling Kint and Ronald Rice, all of whom are seniors.

rookie also chipped in with a bases-loaded single.

**Narrow Spread**  
The surprising Chicago White Sox knocked off the Boston Red Sox at Fenway Park for the second day in a row, 9-5. Joe Dobson went all the way against his old mates. Walt Dropo hit homers in the second and third to drive in four Boston runs.

Detroit kept step with Chicago, tied for second place, two and a half games out, by whipping Washington, 7-1. Dizzy Trout allowed only four hits.

Historians were searching the records to see if the National league ever was only three games from top to bottom after a month of play. Only three games separate the last-place Phillies from the league-leading Brooklyn Dodgers.

The Chicago Cubs battered Brooklyn pitchers for 13 hits in a 14-4 slaughter. Paul Minner coasted to his second victory.

**Braves Lose**  
Second place Boston also was knocked off by Cincinnati, 4-3, with the Reds scoring three off Johnny Sain in the eighth. It was Sain's fifth loss. He's won only one. Frank Smith was the relief winner.

Jim Hearn found his old Pittsburgh cousins in their usual form and chipped out a 2-1 decision for the New York Giants. Whitey Lockman's single, scoring Al Dark from second base in the fifth, provided the winning run off Jim Walsh.

Al Brazle came to the rescue of Gerry Staley in the ninth to preserve a 5-3 St. Louis win over Philadelphia. Staley knocked home two runs to help himself to his fifth victory.

## NAVY EKES OUT 6-5 DECISION OVER BULLETS

A two-hit five-inning relief stint by Don Young went for nought Wednesday afternoon as the Gettysburg college baseball team dropped a 6-5 decision to Navy at Annapolis.

Young relieved Jim Dyson in the fourth after Navy had piled up a 5-1 lead in the first three frames and was charged with the defeat due to permitting a run in the sixth which broke the 5-5 deadlock.

George Hare knotted the score at 5-5 in the top of the fifth when he lashed out a homerun with Bitner on base.

The Bullets outhit their opponents, 12-10, with Johnny Keller getting four safeties, one a double.

Gettysburg now has a season record of 7-8 while the Midshipmen have a 10-9 mark.

On Saturday the Bullets meet F. and M. at Lancaster.

## Today's Talk

By GEORGE MATTHEW ADAMS  
ON BUYING

Two of the great forces of existence are earning and spending. In our spending we experience that delightful art of buying. Most of what gives to us health and happiness, we buy. But by no means does money buy everything. It can buy things that contribute to happiness but it can't buy happiness as material things are bought.

You have to buy love and happiness with love and happiness. Take the lover of books or art. He buys not only the books themselves and the works of art, but the joy and satisfaction that he gains, both of which keep increasing with the years. We don't tire of a thing of beauty.

We buy a ticket for a train ride or an ocean voyage, but we only pay for the transportation and its conveniences. The landscapes, the fragrance of the country side and its natural beauty are all thrown in, paid for with one's appreciation, as are the blue of the ocean and its invigorating salty smell.

There are certain stories in which it is an added pleasure to buy, for there are clerks who make you feel that it is a privilege for them to serve you. You actually buy only what is sold to you. All the rest is thrown in. There is so much thrown in for which we are not asked to pay, not only in stores, but almost everywhere we go.

Every summer at my island retreat I rush out with one of my cameras to invest in the beauty of a sunset. Colorful masterpieces in the sky. And at no cost—just to be paid for in appreciation. And later in the evening there is the night sky with its setting of stars, and often the northern lights. Either sight would be looked forward to and awaited with enthusiastic joy, were either of them but periodic sights.

All of us are far richer than we ever suspect. Especially so if we have stored within our mind and heart the endless things of beauty so free to everyone. Like a favorite star, for example, or the call of a mocking bird! Each bought and paid for with a bit of love.

Tomorrow Mr. Adams will talk on the subject: "Looking Back"

HORS D'OEUVRE

They call them "hors d'oeuvre." They are pretty and pink. Bright snacks before dinner they serve with a drink; Sardines wearing roses and fish eggs on toast. Passed round on a platter by hostess and host. They are tasty and tempting but still, later on, When dinner is served I find appetite gone.

When I've nibbled and snacked with a chattering group From seven until nine I'm not eager for soup. Hot cheese upon crackers is good to the taste, But a dozen make tighter the belt round my waist. After six midget wienies warmed over a fire, A salad and steak I no longer desire.

They are pretty to look at, I cannot deny And are hard to resist as the platter goes by. But those pink and white morsels are man-filling stuff, And two hours of nibbling are more than enough. They call them "hors d'oeuvre" but ask me and I'll say: "Mrs. Post, fancy spicers of dinner are they."

## FORMOSA POSES SERIOUS ISSUE FOR BIG POWERS

By DEWITT MACKENZIE

AP Foreign Affairs Analyst

The big island of Formosa, strategic stronghold occupied by Chiang Kai-shek's Nationalist government of "Free China" off the southern Chinese coast, is presenting increasingly serious problems for the great powers.

British Foreign Minister Morrison has told the House of Commons that the Formosan question is one of the most difficult in the Far East. "It points out that at the Cairo conference of 1943 American, Britain and China agreed that after the war Formosa should be returned to China. The Cairo declaration also proclaimed the intention that Korea should become free and independent.

So Britain takes the position that the first step towards a satisfactory Far Eastern agreement must be a settlement in Korea. London feels it would be premature to discuss the future of Formosa so long as operations continue in Korea.

Is Vital To U.S.

It will be recalled that last August President Truman personally ordered General MacArthur to withdraw a statement regarding this delicate Formosan issue on the ground it confused the American position. The general had declared Formosa was vital to America's Far East defenses and must remain in non-Communist hands.

The President set forth the American policy—that the United States had no designs on Formosa; that we were guarding it to keep the war from spreading, and that its future as a former Japanese territory was a subject for international settlement.

Mr. Morrison correctly points out that the problem of Formosa has now become an international one in which a number of nations apart from those signatory to the Cairo and Potsdam declarations are closely concerned. He holds, however, that "the most pressing of the problems facing us in the Far East is that of Korea and in our view it would be premature to discuss the future of Formosa so long as the operations continue in Korea."

Britain feels the Formosan question "is one which could usefully be considered by the United Nations at the appropriate time." Morrison adds it is clearly desirable that the wishes of the inhabitants of Formosa be taken into account.

## Allegheny Judges Sure Of Re-election

Pittsburgh, May 17 (AP)—Re-election of six sitting judges in Allegheny county is virtually assured today, following the Republican party's decision not to give them any opposition. Four are Republicans and two are Democrats.

L. Pat McGrath, Allegheny county GOP chairman, said his party will support all six, including the Democrats, James L. O'Toole and L. Kenneth Harkins. The Democratic party previously announced it will support the sitting judges. The Republican judges are John P. Egan, William H. McNaugher, Thomas M. Marshall and Sara Soffel.

In a statement, McGrath said the six jurists "are good judges, competent and fair," adding: "Having demonstrated their value to the people of the county they should not be dragged into a political contest."

## Farmer Kills Wife And Then Ends Life

Tyrone, Pa., May 16 (AP)—E. Blair Shore, Huntingdon county coroner, has ruled the shotgun deaths of a farmer and his wife to be murder and suicide.

Shore said Eddie A. Carper, 47, and his wife, Carrie, 48, were found dead yesterday in their farm house seven miles east of here. Shore said Carper, who has been melancholy for some time, killed his wife, then himself.

sulting the wishes of the Formosans seems particularly appropriate. After all, Formosa has a population of between 7,000,000 and 8,000,000, and it is a "going concern" economically. There are plenty of independent nations with populations smaller than that.

But that's not the whole story. A highly important aspect of this peculiar problem is that the Nationalist government of "Free China," which was our ally in the world war, is now installed on Formosa with an army of half a million men.

Who—apart from the Red Chinese government of Peiping—says that "Free China" should be handed over to the Communist mainland? That's a question which may be difficult of solution by those nations—of whom Britain was one—which rushed to recognize the Communist government of China. Yet that's a question which must be answered.

## MILITARY JUNTA SEIZES BOLIVIA

La Paz, Bolivia, May 17 (AP)—A military junta seized control of Bolivia Wednesday. President Mamerto Urriolagoitia has resigned.

The military coup followed presidential election on May 5 in which Victor Paz Estenssoro, a political exile, won the most votes but not a sufficient majority to entitle him to the presidency. He is the leader of the National Revolutionary Movement (MNR).

President Urriolagoitia had pledged that if the MNR leader obtained a majority he would be allowed to return to take office on June 8.

Enroute To Africa

The president was reported enroute to Africa following the military coup.

The elections were carried out in an atmosphere of unrest in this tin-producing country. Paz Estenssoro is the leader of the nation's tin miners.

The military junta issued a manifesto saying: "This is not another coup like so many others in our history, designed to create a dictatorship-supported party in power."

The manifesto said no question was involved of "treason to the government which has just abandoned its office, nor any attempt to hide errors which might have been committed, and ought to be judged in conformity with the dictates of reason, impartiality, the constitution and laws."

## Red Spy Knew Of U. S. Invasion Plan

Tokyo, May 17 (AP)—A Red Korean spy knew United Nations plans for a landing at Inchon last fall before the invasion troops did, prosecutors told a court martial Tuesday.

The charge was made by the chief prosecutor, Maj. Robert M. Murray of Mt. Vernon, N. Y., in his opening statement at the trial of 18 persons accused of belonging to an international Communist espionage ring.

Murray said top secret details of the Inchon landing were known by Maj. Yoshimatsu Iwamura, North Korean army intelligence officer, one of the defendants.

Iwamura and the others were arrested before the Inchon landings September 15. The Korean major carried papers showing he knew of the invasion plans, the time and the place, Murray said.

## FOOD POISONING HITS MANY GI'S

Ft. Meade, Md., May 17 (AP)—More than 400 soldiers who got stomach aches here and at Arlington, Va., had the authorities digging for the cause today.

The finger apparently pointed to food poisoning. But so far the army doctors haven't been able to pinpoint the reason.

By actual count, 384 cases of upset stomachs, nausea and vomiting were reported at Ft. Meade, of which 95 were hospitalized. At an air force camp at Arlington, Va., about 60 more cases were reported.

In addition, 12 of the 200 men who left Ft. Meade yesterday morning by train for Indiantown Gap, Pa., complained of the same sickness. One became so ill he had to be removed to a hospital at Philadelphia.

There are several obstacles in solving the problem.

The breakfast menus were different at Ft. Meade and Arlington. And only a small percentage of the 3,000 who ate the morning meal were stricken. Breakfast here consisted of browned beef and potato hash, toast, milk and coffee. The meals are served cafeteria style.

All those hospitalized were expected to be released today.

A spokesman here said there is nothing to indicate any connection between the two outbreaks 35 miles apart.

## COMPROMISE ON OLEO BILL SEEN

Harrisburg, May 17 (AP)—A legislative battle over the right to sell yellow oleomargarine in Pennsylvania today appeared headed for a compromise.

Chairman George B. Scarlett (R-Chester) of the Senate Agriculture committee said he expected the appearance of a new bill to legalize colored oleo but to limit it to home use. "Serving oleomargarine in restaurants still would be prohibited," Scarlett explained.

Previous bills—rejected by the Agriculture committee in both the House and Senate—have called for legalizing colored oleo sales for home use and restaurants both.

Sen. John M. Walker (R-Allentown), Republican floor leader, promised a delegation of 75 housewives yesterday that a new bill would be written by next Monday.

The visit of the delegation, headed by Judge Lois Mary McBride, chairman of the Pennsylvania Women's Committee for Yellow Margarine, precipitated a new attempt to force an oleo bill out of committee in the House.

## Chinese Reds

parallel. Two South Korean divisions were reported retreating before the Red onslaught. Elements of two Chinese regiments had slipped through the gap in the Republican ranks.

Every field dispatch referring to the breakthrough was heavily censored. AP Correspondent William C. Barnard on the east-central front reported the break exposed the flanks of other Republican units. He said these troops were gravely threatened.

U. S. Lines Dented  
South Koreans to the west gave ground under heavy pressure.

Still farther southwest, in the neighborhood of Chunchon, Americans generally held their positions. In one instance U. S. troops counterattacked.

American lines were dented in spots.

The Communist version of the battle was broadcast by Pyongyang radio in North Korea. It said Reds "are successfully punishing savage American and British aggressors all along the front."

The attack began on the east coast Wednesday and exploded westward. AP Correspondent Nate Polowetzky compared it to a string of firecrackers exploding as the flame crept along the coast for 65 miles.

From east to west front line dispatches gave this picture Thursday night.

## Telegraph Service Crippled By Walkout

(By The Associated Press)  
Western Union telegraph service in eight states remained crippled today as some 800 AFL employees in the company's Philadelphia and Cincinnati offices refused to work.

Telegraphic service into and out of Pennsylvania, Ohio, New Jersey, Delaware, West Virginia, Kentucky, Tennessee and parts of Maryland slowed to a trickle.

A union spokesman insisted: "This is a walkout, not a strike."

Company officials commented: "The walkout violates the existing labor contract because the agreement provides for an orderly procedure to resolve contract disputes."

Officers of the AFL-Commercial Telegraphers union said the walkout resulted over company's use of non-union employees on certain union jobs. He said this was in violation of the contract.

## LORD BIRDWOOD DIES

During the ill-fated Dardanelles campaign Lord Birdwood organized the evacuation of British troops from the Gallipoli peninsula. He himself was wounded there in May, 1915. Later he led Australia-New Zealand forces against the Germans on the Somme river.

Emmitsburg  
GRANGE PLANS  
TO MARK ROADS  
FOR FIRE HELP

Mrs. Margaret Brown, chairman, reported today that the American Legion auxiliary cancer fund drive has been completed and a total of \$301.31 received from organizations and individuals. The committee extended its thanks to the Veterans of Foreign Wars post, VFW auxiliary, Homemakers club, American Legion and the Legion auxiliary, and everyone who contributed.

The Emmitsburg Grange met Wednesday evening at 8:30 o'clock in the high school agriculture room with Master Norman Shriver presiding. The National anthem and grange hymn were sung. Mrs. Clara Harner, secretary, read the minutes of the last meeting reporting that action was taken to contribute \$5 to the Vigilant Hose company financial drive, and that \$5 be given to the Elias Evangelical Lutheran church for the parish hall. Reports were given from these committees: Membership, roads, safety, and program.

Mr. Emrich, chairman of the roads committee, reported concerning a county grange roads committee meeting held recently in Frederick where the matter of naming the country roads and country farm homes and erecting suitable markers for these roads and homes, principally for fire fighting purposes, was discussed. The grange voted to approve this action and placed the matter in the hands of the roads and safety committees. The members of the road committee are: Edward Emrich, Morris Zentz and Edward Smith. The safety committee members are: Norman Shriver, Walter Simpson and Rev. Philip Bower.

**Safety Report Given**

Mr. Shriver announced that an opportunity was open for a local Grange insurance agent. The membership committee reported several prospective members. The Literary chairman, Mrs. Emrich, reported that William Baker, agriculture teacher, offered to show three films at the next regular meeting and the group voted to accept the offer. Mr. Krickenberger, state grange adjutant, addressed the meeting briefly. Remarks were also made by Mr. Crum, Pomona master.

The safety committee report was made by Norman Shriver, who said that very few farmers have any fire fighting equipment, such as hand extinguishers, by which they could put out small fires. He quoted authority for the statement that 90 percent of all fires could be put out with less than a gallon of water at the right time. Announcement was made of a Youth Leadership Training camp to be held July 28 and 29. The National Lectures conference will be held at Ithaca, N. Y., July 19 and 20, it was announced.

The lecturer, Mrs. Emrich, presented a Mother's Day program as follows: "The History of Mother's Day," by Mrs. Robert Pite; poem by Mrs. Norman Slix; song by Barbara Manors; recitation by Margo Emrich; poem by Martha Baumgardner; reading by Harriet Pite; song, "Mother," by Catherine Wivell, accompanied by Virginia Baumgardner, and a stunt by Mrs. Morris Zentz and Charles Fuss.

**Box Lunches Sold**

Following the program box lunches which had been prepared by the women were auctioned off to the men. Raymond Baumgardner acted as auctioneer getting from \$1.50 to \$3.00 for the boxes. The next meeting of the grange will be held June 6 at 8:30 o'clock, daylight time.

## Drives 40 Miles To Return Lost Suitcase

Cleveland, May 17 (AP) — Clifford Moritz not only returned a lost suitcase to the owner—he drove 40 miles to do it.

The bag was lost in Union terminal here by Mrs. Richard Langford of Knoxville, Tenn. She was going to Akron to visit her sick father and had written his address on the suitcase.

Moritz found the bag and delivered it in person to the father's home.

## East Berlin

East Berlin—Arthur Leib, who has been ill for more than a year and who recently underwent a serious operation at the West Side Osteopathic hospital, West York, has returned to his home where he is reported slightly improved but still confined to his room.

Mrs. Charles Hilbert, Hanover, was a visitor to friends here during the past week.

A large group of students of the vocal and instrumental music departments of the local high school, directed by Mrs. Dorothy Miller Elgin and Prof. Earl Ward of the faculty, presented a program in their annual Spring Music Festival on Friday evening for the public at the high school auditorium.

Mrs. Minnie Myers, who resides with her son, Mervin D. Myers, near Mummert's Meeting House, has been seriously ill there.

Russell H. A. Fissell, who had been working for some time at the local Firestone store, has taken a position under Emory W. Sell, Jr., local painter and decorator.

A representative of the general conference of the Seventh-Day Adventist church, Washington, D. C., visited local homes and business places during the past week to solicit financial aid for the missions of that church in foreign countries.

Mr. and Mrs. Donald R. Moul and infant son, Donald, 2nd, moved during the past week from the home of his parents, Mr. and Mrs. George W. Moul, where they made their residence, to the apartment above the food market operated by the younger Moul couple.

Plans are being inaugurated by local Protestant churches to repeat their usual custom of having a two-week session of the Daily Vacation Bible school for all children of the vicinity from pre-school to high school age, shortly after the close of the public schools. The first of these sessions was presented in 1942.

Mrs. Harold W. Cross and daughter, Judy, have recovered from recent illnesses.

Mr. and Mrs. Frank Kothe, who have been traveling for several weeks since abandoning housekeeping with the sale of their home during the early spring, have returned from a trip to Kingston, N. Y., their former home, and have been spending a brief interval with a daughter, Mrs. Harry L. Taylor, and family.

The infant daughter of John J. and Lois A. Stauffer Baker has been named Claire Ann. She was born at the Hanover hospital about two weeks ago.

Curtis Ruth, who was taken to the Warner hospital several weeks ago, remains there as a patient and is reported about the same in condition.

Abraham Altland, who has been spending an indefinite time with a daughter in York, will mark his 91st birthday in June and remains in excellent health and still able to do certain kinds of work to which he has been accustomed. Mr. Altland spends much of his time in East Berlin where he lived most of his life, among his many children and grandchildren.

The first sawmill in the west is believed to have been built in 1827 at Fort Vancouver, Wash., by the Hudson Bay company.

Only in Russia, along the cold, northern rivers and in the Black, Caspian and Azov seas are sturgeon fisheries still of great value.

deputy surgeon general of the U. S. army, told a Philadelphia Medical Service Reserve officers' meeting Tuesday:

"The evacuation hospital in Pusan hospitalized more casualties in the earlier phase of the war than any other hospital. When it was converted to a station hospital December 18, 1950, the unit had admitted 31,612 patients, of whom only 114 or 36/100th of one per cent died or battle injuries."

Gen. Armstrong attributed this success to the Army's ability to take surgeons so far forward that they can operate upon wounded men soon after injury.

Catalogues of auction sales of important book collections often become collectors' items in themselves. A priced catalogue of the Jerome Kern sale, which realized almost \$2,000,000, is a prized item for bookmen.

# BANKER CITES HEAVY EXPENSE OF OPERATING LOCAL HOSPITAL

The magnitude of running even a small hospital such as the Warner hospital and providing the 25,797 patient days of service that was required in the fiscal year ending May 31, 1950, involves substantial sums of money," said Edmund W. Thomas, president of the First National Bank of Gettysburg and a hospital director.

"For instance, the services rendered by the hospital in the course of that fiscal year had a value of \$259,783.34. Salaries and wages for the year ending May 31, 1950, were \$145,987.40 while the cost of supplies in the same period totalled \$39,660.90. Direct expenses were \$79,928.51.

**\$264,676 Yearly Cost**  
In short, during the fiscal year ending May 31, 1950, it cost \$264,676.81 to operate the Warner hospital. This was \$4,893.47 more than its earned income.

"There is a vast difference between the income the hospital earns and the cash income of the hospital; for instance, in the same year the charity work of the hospital had a dollar value of \$25,568.41. The state appropriation defrayed \$9,800 of this expense which left a balance of \$15,768.41 to be realized from such sources as contributions to the Letter Campaign, which last year aggregated \$12,000, and donations from other sources which in the same year totalled \$5,843.82.

"It is clear, therefore, that our hospital, like every other hospital, is dependent on the year-in, year-out support of the public in order to fulfill its objective of providing first-class hospital care for all people regardless of race, color, creed or inability to pay.

**Bettors National Average**  
"There are a few interesting facts about the hospital that are worth reporting: Warner hospital in the last fiscal year operated at 80% occupancy. The national average for hospitals of less than 100 beds is a little over 70%.

"During the course of the same year, through the cooperation of Drs. Bruce Wolf and Roy Gifford, a daily dispensary hour has been set up which has proved a convenience to patients and to hospital personnel.

"During the same year 420 major and 863 minor operations were performed. This is a total of 1,283, or an average of over three operations a day.

"In the same year a department of bronchoscopy was opened under the able surgery of Dr. John Szyplowski. Fifteen procedures were performed, including removal of safety pins and bone splinters. This department has demonstrated itself as a big aid in diagnosis. Thanks go

to the Women's Auxiliary of the hospital who made this department possible by the purchase of the costly instruments necessary to this service.

**Dollar Distribution**  
"The able management of the hospital is reflected in an analysis of how the hospital dollar is spent:

"The Warner hospital is your hospital and we always want you to feel just that way about about it. When we think of what our local hospital is we naturally think of how it started; and in this connection, it is a privilege and a pleasure on my part to pay a well deserved tribute to the late Dr. J. McCrea Dickson whose true devotion and unselfish efforts were so largely responsible for the success of the hospital, particularly in those difficult days when the hospital was just getting started. I am also happy for the privilege of

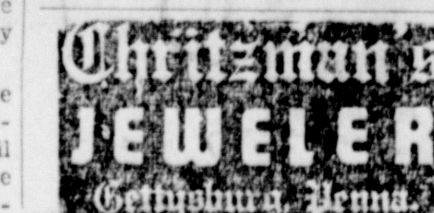

thanking the people of Adams county for the loyal support which they have given their hospital and to hope that it will always continue."

Washington, May 17 (AP) — The All-American Airways has announced plans for a one-plane air service daily between Wilkes-Barre and Scranton, Pa., and New Jersey shore points starting June 1.

David L. Miller, All-American vice president, said yesterday the service became possible when the Civil Aeronautics board permitted the company to extend its Washington-

Atlantic City service northward to New York and Newark, N. J.

WEALTH WAITS IN ENGLAND BUT HE HESITATES

Akron, O., May 17 (AP) — Would you move to England and live there the rest of your life for an estate worth nearly \$250,000?

Salesman James N. Cape of near-by Cuyahoga Falls has the chance, but can't decide. Neither can his wife.

However his brother, Kenneth — next in line for the inheritance if James doesn't take it — already has made up his mind.

"I don't want it and I don't think my brother does either," declared Kenneth, who lives in Detroit. "I don't want to be an English gentleman and do nothing but sit around and have tea and crumpets."

Just On Catch — What's more, he said, "I don't want my children to grow up where there's no incentive for advancement and where they can have only one egg a week."

Both brothers work for the Jenkins Bros., a New York valve manufacturing firm.

The estate was left to James by the brothers' British cousin, Mrs. Sibyl Gape. It includes 1,000 acres of beautiful rolling land in Cambridge, England, two manor houses and some securities.

Made Inspection — There is just one catch — the recipient must live in England the rest of his life. Both brothers are naturalized citizens and therefore would lose their U. S. citizenship by

law after three years in England.

James and his wife just returned home two weeks ago from England where they inspected the estate.

He says he's "by no means a rich man," but "it is hard to move from the United States, where we have lived most of our lives, to an entirely different country."

"On the other hand, that property has been in our family for 500 years. That makes the decision difficult, too."

His wife said the property "would

Stowaway Has Month For His Honeymoon

Philadelphia, May 16 (AP) — Because a Federal judge does not wish to spoil romance, 20-year-old Stowaway Antonio Maria De Pinha is free to get married and go on a honeymoon. De Pinha pleaded guilty yesterday

to entering the country as a stowaway from Portugal last October. But he asked U. S. District Judge James P. McGranery not to jail him until after his scheduled wedding, June 2. He said invitations had been mailed and that his bride — not named — awaits him in Naugatuck, Conn.

Remark that he'd not like to make a young couple unhappy, the judge granted De Pinha a month's liberty and told him to return to court June 15.

But she listed these drawbacks: Inheritance taxes would take half the estate, the manor houses would require a large number of servants at considerable expense; tenants working on the estates create a number of administrative problems.

James has until June 30 to decide.

If neither of the brothers accept the inheritance, a nephew of Sibyl Gape gets third chance to meet the provisions of the will.

He should not have to resituate. He's British.

To Auction Hotel Furnishings Monday

New York, May 17 (AP) — Furnishings of the famous Ritz-Carlton hotel will go on the auction block Monday.

The sale of 5,000 pieces of assorted furniture, pictures and drapes is expected to last several days.

Auction-goers will have their choice of gilt ballroom chairs, red

leather tavern chairs, settees, beds, couches, Hepplewhite and Sheraton style chairs, antiques, pianos, desks, chests and mirrors.

The Plaza Art Auction Galleries, Inc., which will manage the sale, said yesterday that the old hotelery will be opened to the public tomorrow through Saturday so that prospective buyers may view the furnishings.

Tehran, Iran, May 17 (AP) — A Moslem terrorist was arrested after a gun battle Wednesday with police, who said he was plotting to assassinate Premier P. Mohammed Massadeh.

The Moslem was identified as Abolghassem Rafiee, the number

How You May Gain New Strength—Feel Younger

If you are rundown — low spirit — have sleepless nights — no energy — "nerves" — poor appetite, do not be discouraged! Chances are you are just not getting your full daily requirements of the necessary vitamins and minerals from the food you eat.

Often in ten days you may feel the difference; your friends will notice it. Back comes your appetite — you should actually feel the urge to eat easier; you may sleep more soundly. So why delay? Why not decide now to take FERRIZAN for 30 days and see yourself just how wonderful FERRIZAN can make you feel. Costs you only a few cents a day. Money refunded if not completely satisfied.

## Acquitted "Killer" Called Against Cops

Philadelphia, May 17 (AP)—A man recently acquitted of a killing for which he spent 12 years in prison, has been subpoenaed to testify in the

trial of six policemen.

The police are standing trial after being suspended for their part in the original conviction of Rudolph Sheeler for the killing of a Philadelphia policeman.

The Civil Service commission, which is conducting the trial, on

Tuesday subpoenaed Sheeler, nine witnesses and the court records of Sheeler's first trial. The commission postponed its next session until Tuesday in order to allow time to contact the witnesses and gather the records.

The six detectives, accused of con-

duct unbecoming an officer, were all members of the homicide squad when Sheeler was arrested for killing Patrolman Thomas Morrow. The state Supreme court found Sheeler had been beaten and otherwise terrorized into admitting a murder he had not committed.

## Author Says New Generation Of Children Are Not Fully Aware Of Abraham Lincoln's Greatness

School children of two generations ago were taught to regard Abraham Lincoln as the greatest man who ever lived, "but times have changed and two generations have grown up who are apparently in a state of more or less blissful ignorance of the man who saved the nation from disunion," wrote J. W. Jones in the Austin Philatelic club's "Postmark," of Chicago, in commenting on the Lincoln-Gettysburg commemorative postage stamp. The article was reprinted recently in McKee's Weekly Stamp News. It follows in full:

"Although Abraham Lincoln's dedicatory speech was delivered at Gettysburg November 19, 1863, it was not until November, 1949, that a postage stamp was issued to commemorate the event," said Mr. Jones.

Taught Regard For Abe

"Some teachers of American history cannot tell you who was the President between Buchanan and Johnson, and yet, in my days in school we were taught to regard Lincoln as the greatest man that ever lived, and to pay him proper respect on his birthday. We were taught to have a high regard for the beauty, simplicity and truth of Abraham Lincoln's Gettysburg Address. We were also under the mistaken impression that Lincoln scribbled off the eloquent lines on the train from Washington to the Gettysburg battlefield.

"Today it is known that Lincoln spent considerable time in preparing the script and we now know that there are five existing copies in Lincoln's own handwriting. Each copy has different and distinct editorial changes, which smoothed and improved the text. This is further proof that genius is 99 per cent perspiration and two per cent inspiration.

Five Copies Displayed

"The five copies of the Gettysburg

speech were on exhibition at the Chicago Historical society in Lincoln park in November last year; exactly 'Four Score and Seven Years' from the date of Lincoln's dedicatory address at Gettysburg. The five documents are valued at from \$350,000 to \$500,000. The first draft in Lincoln's hand was written in Washington, ten days before the dedication ceremonies. The conclusion, many Lincoln students believe, indicates that it had been revised several times.

"The second draft was written by Lincoln at Judge David Wills' home at Gettysburg on the morning of November 19, 1863. This is the original copy which Lincoln held in his hand while making his speech. Two sentences were added and except for minor changes, that is the only difference between the two. It seems likely that the second draft was copied from the first, with corrections as indicated.

"Three other copies were written by Mr. Lincoln, one for Edward Everett, the orator of 'Dedication Day,' another for George Bancroft, noted historian which was penned on both sides and had to be re-written. The Everett copy was to be sold for the benefit of the sick and wounded soldiers. The Bancroft copy was for sale also for a soldier benefit.

"The Everett copy was to be sold

### Cellist Dies While Presenting Concert

Baltimore, May 17 (AP) — Cellist Felix Robert Mendelssohn, great-grandnephew of the famous German composer, died on the concert stage Tuesday night.

The 60-year-old musician was in the midst of Dohnany's concert piece in D major—a composition he introduced to the world in Berlin in 1918—when the bow went limp in his grasp and he collapsed.

Attendants quickly rushed him to Mercy hospital from the Cadogan hall.

But he was dead on arrival there. He began his musical career in his native Germany as an eight-year-old prodigy. In Berlin he wrote his most noted composition, the Passion opera Christus.

His popularity was cut short when Hitler came into power. He was regarded a Jew by the Nazis because his famous predecessor had been a Hebrew before he was converted to the Christian (Lutheran) faith.

## Littlestown BROTHERHOOD HOST, AT M-D TEA, PROGRAM

The members of the Brotherhood of St. John's Lutheran church were hosts to the mothers and daughters of the Sunday school and church at a tea and special program held on Tuesday evening at the church, with 115 in attendance. The pastor, the Rev. Kenneth D. Hoyer, who was chairman of the program committee, presided at the program held in the Adult Sunday school room. The stage in the room is decorated with palms, ferns, delabara and baskets of cut flowers, and the altar vases were filled with white flowers and mixed foliage.

The program began with the group singing "Faith of Our Mothers," accompanied on the piano by Miss Elyn Harget, who replaced Richard Olfe, the pianist for the Brotherhood. The scripture, Proverbs 31:10-12, was read by Edgar A. Wolfe. Hoyer was offered by the Rev. Hoyer B. Simons, pastor of the Methodist church. Welcome is extended to the guests by George W. Strevig, the president of the Brotherhood. A vocal duet, "Mother," was sung by the Misses Ann and Shirley Koons, of Taneytown, accompanied by their mother, Mrs. Kenneth Koons. A recitation, "The Plant," was given by Jane Hantz, a violin solo, "Polish Dance," by Charlevka, was played by William Simons, accompanied by his mother, Mrs. Harvey B. Simons.

The Rev. Oscar E. Freeman, pastor of Grace Lutheran church, was the guest speaker for the occasion. A vocal duet, "That Wonderful Mother Mine," was sung by Joyce and Ann Strevig, accompanied by Miss

Harget, followed with a vocal solo, "Mother Machree," by Gary Strevig, also accompanied by Miss Harget. JoAnn and Shirley Koons then sang "Near to the Heart God," accompanied on the piano by their mother. The program closed with the group singing "Bless Be the Tie That Binds," and the benediction pronounced by the pastor. Assisting the Rev. Mr. James on the program committee were Ralph Wantz and LeRoy Lippy.

The group then went to the social hall where they were received by George W. Strevig, Kenneth Bortner and George Trump. Those who poured for the tea were the wives of the Brotherhood officers, Mrs. George W. Strevig, Mrs. Kenneth Bortner and Mrs. Kenneth Miller. Refreshments were served buffet style and the central table in the room was adorned with a large antique punch bowl, cut flowers and lighted candles. The room was tastefully decorated for the occasion with pastel colored crepe paper.

### Gifts Presented

Recognition was given to the following by the pastor who acted as master of ceremonies: Mrs. Brock Shyrock, the oldest mother present, and Mrs. James L. Rhoades, the youngest mother present. Both were presented with baskets of groceries. Potted plants were presented to Mrs. Lloyd Spangler, daughter of Mrs. Shyrock, as the oldest daughter present, and to Norma Jean Feeser, two year old daughter of Mrs. Charles Feeser, as the youngest daughter present. Miss Feeser also received a bottle of shampoo as a gift. The mother present with the most daughters in attendance received a potted plant. She was Mrs. John Strevig with six daughters, Mrs. Paul Johnson, Mrs. Paul Randall, and Mrs. Franklin Krum, of Westminster; Mrs. Fred Smirnow, of Hanover; and Mrs. Joseph Selby and Mrs. Edgar Pfeffer, of town. Mrs. Strevig's three sons, John, George and Noah, were also present. The door prize was awarded to Mrs. Mable Asper. The prizes for the affair were contributed by the

## New Mendelssohn Concerto Found

New York, May 17 (AP) — The manuscript of a hitherto unknown violin concerto by the immortal German composer, Felix Mendelssohn, has been acquired by Yehudi Menuhin, the American violinist.

Menuhin, who announced his discovery yesterday as he departed for a recital tour in Australia, said the

work was written when the composer was 13 years old.

He said the concerto, in D minor, "has already all the germs — in fact, more than germs — of Mendelssohn's genius."

The violinist said he obtained the manuscript from a descendant of Mendelssohn with a mutual friend acting as intermediary.

# CONTROVERSIAL FEPC BILL MAY SPLIT GOP ANEW

Harrisburg, May 17 (AP)—A controversial bill setting up a fair employment practices commission in Pennsylvania threatened to split Republican ranks in the General Assembly.

The bill, banning discrimination in jobs because of race, color or creed, won approval by a House committee yesterday. It goes to the floor for first action Monday.

Rep. Lewis M. Mintess (R-Phila.), sponsor of the bill, indicated today the measure has many enemies in Republican ranks in both the House and Senate. He predicted a concerted effort by its opponents to amend away its intended effectiveness when the Legislature recon-

venes next week.

**Prodded Into Action**

The House Labor Relations committee was prodded into action by Gov. Fine, who announced himself "deeply interested in this legislation."

FEPC legislation was bottled up in both the Republican-dominated 1947 and 1949 sessions of the legislature. A top House Republican leader, who declined identity by name, predicted today the measure would pass the House, probably next week. He expressed confidence that efforts to amend it would be beaten down.

However, if the controversial measure does pass the House it still faces a rocky road in the Senate. The Senate Labor and Industry committee has bottled up all FEPC bills in the past two sessions.

Mintess said this obstacle might be surmounted, however, if the bill passes the House, by directing it to a Senate committee more favorably disposed toward the issue.

**Democrats In Favor**

Democrats in both Houses have already expressed full support of

FEPC legislation.

The Mintess bill would set up a three-man commission to serve five years. The chairman's salary would be \$9,000 and that of the other two members \$8,500. The members would operate within the Department of Labor and Industry and would be appointed by the governor.

The bill sets up machinery for initiating and hearing complaints and gives Common Pleas court authority to enforce anti-discrimination orders made by the commission.

**Soft Drinks Tax Again**

Elsewhere on the legislative front, a new effort was underway today to re-enact Pennsylvania's controversial soft drinks tax.

Rep. Joseph P. Rigby (R-Allegheny) submitted the bill yesterday as a means, he said, of avoiding imposition of the governor's proposed \$119,000,000 flat income tax.

Rigby said the \$29,000,000 in revenue from the soft drink tax every two years plus other government economies would avoid the need for the income tax.

The levy—a penny on every 12 ounces or less of bottled soft drink—is scheduled to expire May 31 unless re-enacted.

**Fine Is Opposed**

Fine already has pledged his opposition to re-enactment of the tax. Rigby also injected himself into another touchy issue by announcing yesterday he would call within the next two weeks for discharge of the House Agriculture committee from further consideration of oleo legislation.

Two previous attempts to pry oleo bills from the committee have gone down to defeat. Both previous moves, however, were initiated by Democrats. The latest, made yesterday, was voted down along party lines.

**A Republican leader, commenting** on Rigby's discharge intentions, said if a Republican should initiate a discharge resolution it might gain support by some House Republican.

Both the House and Senate Agriculture committees have killed all proposals so far to remove the present ban against the sale of yellow oleomargarine in Pennsylvania.

The first trees as we know them appeared in the Permian Age, 235,000,000 years ago.
